pointed at a recent meeting to go before the City Council and ience of the school children, reported that the proposition was received favorably by the council and something will likely be done at an early date toward this great improvement. It is greatly needed and the City Council will get one vote of thanks when this work is completed, if they never get another.

It was agreed by the League that a canvas of the town be made to ascertain as nearly as possible just how many trees will be planted in Lubbock this winter and coming spring.

A strong sentiment prevailed in the League in favor of most sanitary regulations of the town. town. the residences, public buildings. etc., and to begin early to make Lubbock.
